

**Product Specification**

Product name:	<b>s(HS)TMB Weakener</b>
Product code:	<b>#sTMB-W</b>
Lot Number:	913326
Expiration date:	01/2027
Recommended use:	diluting s(HS)TMB when lower sensitivity in ELISA is wanted. Simply mix in clean conditions 10 volumes of s(HS)TMB or es(HS)TMB with 1 to 10 volumes of s(HS)TMB Weakener. Use clean storage container. Mixing at ratios larger than 1 to 1 is not recommended. When correctly prepared and correctly stored mixture will retain stability of the weakened es(HS)TMB or s(HS)TMB.
Appearance:	transparent liquid, odorless
Storage:	+4°C (recommended) / +25°C, protect from light and elevated temperatures
